

**LA-503 New Orleans-Jefferson Parish-Kenner CoC  
Projects to be Ranked in the 2016 CoC Application to HUD**

UNITY staff have received and reviewed for completeness all renewal applications and new applications for coordinated entry projects. The UNITY CoC Evaluation and Project Selection Committee reviewed and selected new project sponsors for the new reallocation project(s), bonus projects and for renewal projects needing a new project sponsor.

As a result of these reviews, the below list of the projects have been accepted for inclusion in the 2016 CoC Application for the New Orleans/Jefferson Parish/Kenner Continuum of Care (LA-503). Any project not listed below is not being included. The projects listed below will be ranked by the Evaluation and Project Selection committee using the project evaluation score and the prioritization established by the committee. Although all projects listed will be included in the project rankings and CoC application, some projects may be approved for reduced funding level. Separate correspondence will indicate projects that are renewed at less than full renewal amounts with a portion reallocated to fund new priority project(s) established the CoC.

Scoring criteria to develop project prioritization rankings (and Tier 2 projects) will be discussed by the CoC Governing Council on August 17 and sent to SPPA membership in advance of the SPPA meeting on August 19. Project scores will be distributed to project sponsors no later than August 24 with all appeals submitted to the CoC Governing Council no later than August 30. The CoC Governing Council will establish the project priority listing on August 31. The final project prioritization rankings will be presented to the SPPA for the September 9 meeting (the meeting is being moved up to September 9). After the meeting, the ranking list and the CoC application will be available on UNITY's website [www.unitygno.org](http://www.unitygno.org).

<b>Renewal Projects (Alphabetical Order)</b>	<b>2015 Grant Number</b>	<b>Component</b>
Belle Reve	LA0205L6H031504	PH
